

SCULPTURE TRAIL

PRIORY PARK WARWICK

In 2021/22 ARC were invited by the Friends of Priory Park to initiate a Nature trail around the park to engage the community in this wonderful green space in Warwick Town Centre. With funding from Warwickshire County Council Councillors Fund, and guidance from Warwick District Council's Green Space officers, we commissioned woodcarving expert Graham Jones to co-create a number of sculptures out of deadwood in the Park.

For more details about the project visit www.arccic.co.uk
